

Links Editor

Knowledge Base Add-on

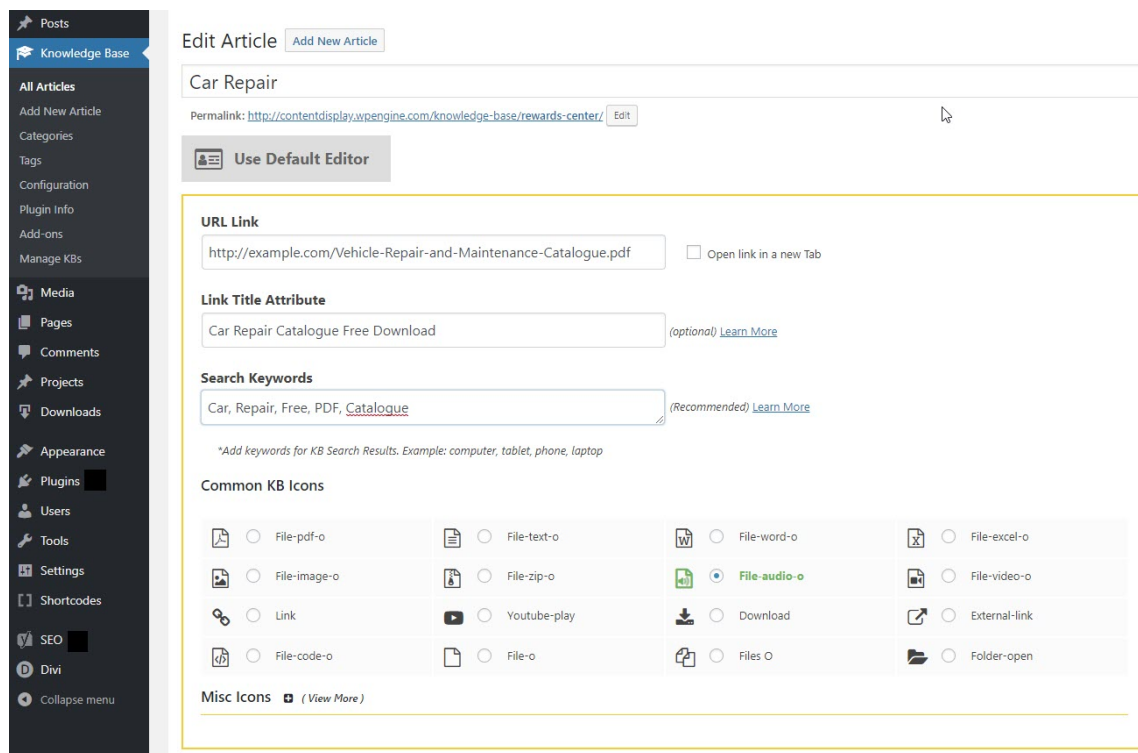

Links Editor will allow you to replace links to KB articles with links to PDF files, documents, images, and web pages. When users click on the link they will see the linked document or file for viewing and download, or they will see the linked web page.

With Link Editor, you can replace a link to an article with a link to:

- PDFs in your website file system.
- Word documents and Excel spreadsheets.
- Diagrams and images stored in your WordPress gallery.
- Internal URLs to your web pages.

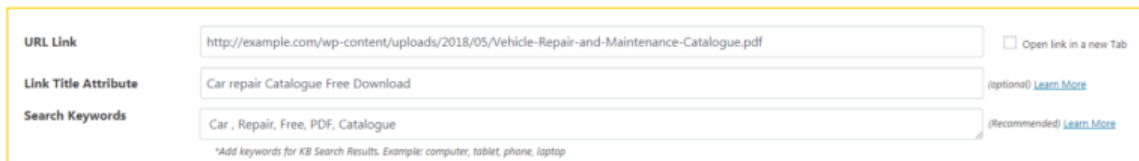

- External URLs to external pages like Google spreadsheet.

To create a link open a new KB Article screen and switch on Links Editor.

Configure the link parameters:

- Article title will be used as link text.
- Enter the link URL.
- Decide how the link opens – in the same tab or in a new tab.
- Choose an icon to show beside the link.
- Specify keywords that the KB Search will refer to.

Link Icon

- Choose from hundreds of icons.

- Icon will appear beside link text on the following pages :
 - KB Main Page
 - KB Search list
 - KB Category page if using KB Template

URL Link Open link in a new Tab

Link Title Attribute (optional) [Learn More](#)

Search Keywords (Recommended) [Learn More](#)

*Add keywords for KB Search Results. Example: computer, tablet, phone, laptop

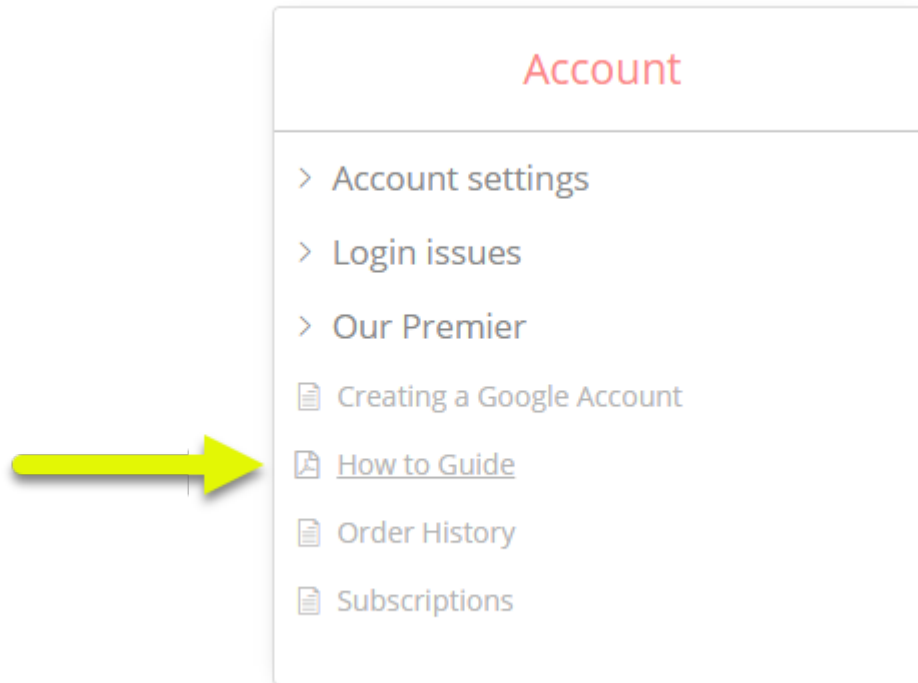

Common KB Icons

<input checked="" type="radio"/> File-pdf-o	<input type="radio"/> File-text-o	<input type="radio"/> File-word-o	<input type="radio"/> File-excel-o
<input type="radio"/> File-image-o	<input type="radio"/> File-zip-o	<input type="radio"/> File-audio-o	<input type="radio"/> File-video-o
<input type="radio"/> Link	<input type="radio"/> Youtube-play	<input type="radio"/> Download	<input type="radio"/> External-link
<input type="radio"/> File-code-o	<input type="radio"/> File-o	<input type="radio"/> Files O	<input type="radio"/> Folder-open

Misc Icons [\(View More \)](#)

<input type="radio"/> Square O	<input type="radio"/> Star Half	<input type="radio"/> Step Forward	<input type="radio"/> Stethoscope
<input type="radio"/> Strikethrough	<input type="radio"/> Suitcase	<input type="radio"/> Table	<input type="radio"/> Tablet
<input type="radio"/> Tachometer	<input type="radio"/> Tasks	<input type="radio"/> Thumb Tack	<input type="radio"/> Thumbs O Down
<input type="radio"/> Thumbs O Up	<input type="radio"/> Times Circle	<input type="radio"/> Times Circle O	<input type="radio"/> Trophy
<input type="radio"/> Truck	<input type="radio"/> Twitter	<input type="radio"/> Twitter Square	<input type="radio"/> Umbrella
<input type="radio"/> Underline	<input type="radio"/> Unlock	<input type="radio"/> Unsorted	<input type="radio"/> Upload
<input type="radio"/> User MD	<input type="radio"/> Warning	<input type="radio"/> Wrench	<input type="radio"/> Address-book
<input type="radio"/> Address-book-o	<input type="radio"/> Address-card	<input type="radio"/> Address-card-o	<input type="radio"/> Adjust

Front End example:

At this moment the Links Editor has these constraints:

- Private links are not supported.
- WordPress search will not list linked documents and pages to prevent indexing the same page or document twice.
- KB Search uses keywords configured with the link, but it does not index content.
